

Farm to City

FOOD DISTRIBUTION

UF/IFAS West Florida Research and Education Center (WFREC), Feeding the Gulf Coast and Waterfront Rescue Mission will feed 500 families in Santa Rosa County and 500 families in Escambia County this Thanksgiving Holiday.

Feeding the Gulf Coast will provide holiday meal boxes that provide each family with a turkey or ham and all the fixings for a Thanksgiving meal. UF/IFAS WFREC and Santa Rosa Farm Bureau will provide locally grown produce. We want to feed these families and teach folks in our community about the economic, environmental, and societal benefits of agriculture.

Each box will include:

- Turkey or ham (based on availability)
- Traditional holiday side items
- Fresh, locally grown produce (collard greens, turnips, cabbage and sweet potatoes)

NOVEMBER 24, 2026
