

**OPS Temporary part-time position available immediately**

The UF-West Florida Research and Education Center Fire Ecology Team is seeking a part-time temporary employee to assist with field sampling and lab processing of samples this summer. The successful applicant will work with a team of researchers to collect insect, soil, and vegetation data in experiments exploring interactions between prescribed fire and invasive species. Experience in ecological field data collection is preferred. Hours of employment will be between 7:30am and 5pm and will be variable depending on project needs; activities and work will include data collection in natural areas of the Florida Panhandle with some lab hours at UF's Jay Research Facility. This position is related to projects directed by Drs. Wonkka and Donovan. Please direct position-related questions to [c.wonkka@ufl.edu](mailto:c.wonkka@ufl.edu).

Wage - \$15/hour

Hours 10 – 30 hours per week – hours may vary by week and will be based on project needs.

Applicants may request a UF OPS application or send a resume to Sarah Hatfield [sl.hatfield@ufl.edu](mailto:sl.hatfield@ufl.edu)

Applications will be accepted through 5/15/2024 or until a suitable candidate is selected.
