Fall Plant Sale

The University of Florida Horticulture Student Club and the Panhandle Butterfly House will be having a Fall Plant Sale on November 2nd from 9 am until 1 pm at the shade house behind the greenhouses at UF Milton Gardens at the back or north end of the Pensacola State College/University of Florida Milton campus located at 5988 Hwy 90 in Milton. Native milkweed, fall-blooming perennials, and others will be offered for sale.

SRC Master Gardener Volunteers will have a plant clinic booth where visitors can consult with a Master Gardener Volunteer on their plants and landscapes. Also, visit the Wildflower booth to learn about wildflower conservation efforts through a cooperative reduced mowing program with the county and state.

The proceeds benefit scholarship funds for the horticulture students and educational activities of the butterfly house.

The UF Milton Gardens are located on the Pensacola State College/University of Florida Milton campus. Follow the signs on campus to find the gardens. The gardens are free and open to the public from 8 a.m. until 5 p.m. every day the campus is open. Both self-guided and guided tours are available. Changing seasonal gardens feature a multitude of horticultural displays including shade, formal, children’s and water gardens, bulbs, roses, shrubs, trees and perennials.

If you require further information or any type of accommodation contact Mary Salinas at mderrick@ufl.edu. Accommodation requests must be made at least 5 working days in advance of the function.

All programs and related activities sponsored for, or assisted by, UF/IFAS are open to all persons with non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, marital status, national origin, political opinions, or affiliations.
